## *Sale of Shorthorns*

**Tuesday, September 18, 1951**

**12:00 Noon - at the Farm**

**4 miles southwest of Wakarusa, Kansas**

**Telephone Wakarusa 3641**

**(Wakarusa is 12 miles south of Topeka, just west of U. S. Highway No. 75)**

**(Topeka is 60 miles west of Kansas City)**

**(Farm is an easy drive from Kansas City Hotels)**

**140 HEAD - 103 LOTS - 140 HEAD**

**13 Great Young Herd Bulls - 35 Cows with calves at side**

**45 Bred females - many heavy in calf - 10 exceptional open heifers**

**HOTEL HEADQUARTERS: Jayhawk Hotel, Topeka, Kansas  
(make reservations direct)**

**RAIL AND PLANE ARRIVAL.** Those arriving in Topeka by rail or plane should go direct to Hotel Jayhawk - where transportation to farm will be available.

**GUARANTEE:** All cattle in the sale will be sold under the Standard Guarantee endorsed by the American Shorthorn Breeders' Association.

**HEALTH:** Herd is Federally Accredited for T. B. For many years we have practiced vaccination prevention of Brucellosis and all females over seven months of age have been vaccinated. Health certificates will be furnished with each lot allowing shipment to state where purchased.

**BUYING REPRESENTATION:** Buying orders may be sent to Mervin F. Aegerter, of the Shorthorn World  
Claude Willett, representing Daily Drivers Telegram  
George Fritz, of the Kansas Stockman  
and to either Clint Tomson or Ted Aegerter of the American Shorthorn Breeders' Association, or to the -  
Auctioneers.

**J. E. HALSEY**

**C. D. SWAFFAR**

**Be Sure To Attend The Great  
GREGG FARMS DISPERSION SALE**

**Monday, September 17, at Silvertop Farm, Belton, Mo.**

Full cooperation will be given buyers who purchase cattle in these two sales with regard assembly for shipment, etc. Selection from over 350 cattle in the two sales make the events unique.

# **GREATEST SHORTHORN AUCTION**

# TOMSON BROS.

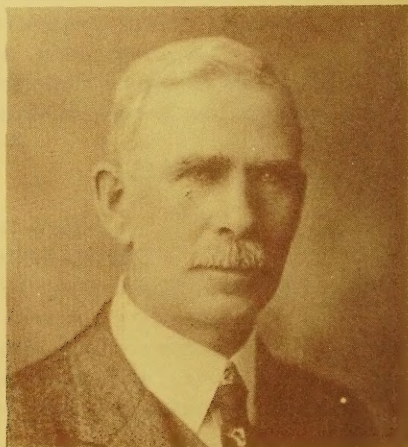

## OUR INVITATION

Our sale on September 18th marks another milestone of participation by we Tomsons in breeding Shorthorn cattle. Their performance in our hands during the sixty-four years that has elapsed since our beginning in 1887 is not only a credit to the breed, but an accurate reflection of the versatile characteristics which help to make them profitable throughout the world.

The formula we have used to breed better seed stock is a simple one. We have constantly used the best sires available of proven blood-lines capable of making the most efficient use of home-grown feeds and grasses; and by utilizing these home-grown feeds with our Shorthorns as dictated by Nature. We feel this healthy, out-of-doors system of production adds vigor and ruggedness to each calf and is primarily responsible for their top performance in the hands of our customers.

## SALE INCLUDES BEST PRODUCTIONS OF YEAR

The twelve best young bulls produced at home reserved especially for the sale include several sons of the great young herd bull, Gregg Farms Commander, already a sire of champion and top-selling calves; and grandsons of the \$63,000 imported Pittodrie Upright; and the grand champion, Marellbar Mandate. A feature of the sale is the tried sire and champion, Mercury's Major, a grandson of Sni-A-Bar's sensational Edellyn Campeon Mercury. A sample of his calves in the sale indicate he is one of the best young tried sires to be sold this year.

### DISPERSION OF TANNER AND BRUNGARDT HERDS

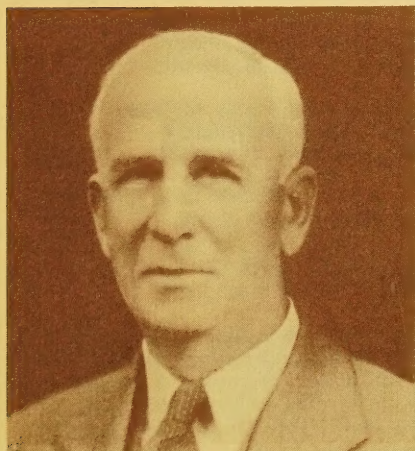

Faced with liberal feed supplied by one of Kansas' most generous cycles - and one of the wettest, incidentally - we purchased intact the herds of Lawrence Brungardt of Kansas and the Tanner herd of Colorado.

The Tanner cattle are rich in blood of Sni-A-Bar Control and imported Pittodrie Upright, and many of the females carry the best of American, Canadian and imported Scotch blood-lines. The Brungardt cows are practical, close-to-profit females with many calves at foot bred on a line from imported Calrossie Mercury. This breeding, along with sires represented in the pedigrees of our best young females listed in the sale, give buyers both quality and quantity selection of unrelated bull and female combinations. We would have preferred to have retained many of the outstanding females that are listed, but decided our customers were entitled to full consideration of selections present only in dispersions.

We urge buyers to attend the Gregg Farms Shorthorn Dispersion the day preceding our sale. Many of the blood-lines offered in the two sales are similar and we are proud of the fact that the original foundation of the Gregg herd came from Tomson Bros. many years ago.

All we Tomsons join in this sincere invitation to be our guests on Tuesday, September 18th. While we naturally hope values will be modestly in keeping with the quality of the cattle offered, we are confident that buyers will find dozens of selections at prices which will allow liberal profits in their hands. It has happened consistently in the past and we want it to happen again on September 18th.

Sincerely,  
JAMES G. TOMSON  
for Tomson Bros.

GREGG FARMS COMMANDER - Has proven to be a valuable sire in our herd. His calves have consistently sold at the top in the Kansas State Shorthorn Breeders Sales, and Mid-Kansas Sales, held at Hutchinson and Salina during the past two years. A number of his sons are now in service in select herds in various states. The bulls and heifers by him in this sale will interest you. His masculine head, level lines, thick smooth flesh covering and depth of body will appeal to breeders.

### EDELLYN CAMPEON MERCURY

(Grandsire of Mercury's Archer) - One of the great improving sires in Sni-A-Bar's history that has exerted a wonderful influence on modern Shorthorn development.

### REFERENCE SIRE B

MERCURY'S ARCHER - Was champion bull in Kansas State Shorthorn Breeders Sale at Hutchinson in 1948, and was top selling bull. He transmits his ability to gain and produce thick flesh to his calves in a remarkable degree. There are 25 of his calves in this sale to prove his worth as a sire, and 32 cows in this sale are bred to him. He is a natural flesh carrier with ability to look well at all times.

MERCURY'S MAJOR - Was shown successfully as a senior calf, and a first prize winner at leading Kansas Fairs. He was also champion bull in the Kansas Shorthorn Breeders Sale in 1949. His masculine head and neck, thick compact body well set on short legs are what breeders like in a breeding bull. His daughters in the sale and other calves by him that we have will convince you that he is an outstanding sire. There are a number of heifers in this sale that are bred to him. He is being offered in this sale while in his prime, we expect to retain one of his sons for future use in our herd.

**LOT 2 MALE****TOMSON BROS.****LEGION COMMANDER 2621-830 LE-T263**

AUGUSTA 226TH. - No family has been more dependably prolific or popular than our Bruce Augustas...all straight from our original imported cow.

#### SUSAN 43D

Grand Champion and top selling female at the 1949 Kansas State Breeder's sale. Sold to Patricia Lee Stauffer of New Cambria, Kansas. Her first calf sired by Gregg Farm Commander - was top-selling animal in the 1951 Kansas State Sale. A consistent example of top-flight performance of Tomson bred Shorthorns in the hands of purchasers.

#### LOT 15 FEMALE

## DISPERSION OF TWO OUTSTANDING HERDS

The next sixty lots....a large majority with calves at foot and re-bred.... represent animals purchased from the Tanner and Brungardt herds. We are offering them without reservation and their quality will be as obvious to others as it was when we selected them to utilize an excess of home-grown feeds.

Some of the most outstanding pedigrees available this year are included in the Tanner offering and no more prolific group of cattle with top crosses of Mercury breeding has ever been offered than is represented by the Brungardt herd. Students of pedigrees will find interesting reading in the next few pages.

All the Brungardt females have been pasture bred to MERCURY'S ARCHER 2471466 since May 1st, 1951.

# TOMSON BROS.

Jim Tomson, III, is pointing out that Tomson Hybrids are perfectly processed. Insuring vigorous stands of rugged plants. TOMSON HYBRIDS have made a reputation for producing stand when the going is tough.

Year after year dependability and performance have been the basic reasons for the success of Tomson Hybrid Seed Corn. Our varieties are produced from the finest parent stock which are developed from inbreds which have definitely proven their adaptability to Southwestern conditions. In fact many of these inbreds were developed here in Kansas from native open pollinated corn.

We believe that this factor is largely responsible for our hybrids dependable performance year after year. Our seed is produced here in Kansas for use in the Southwest, so every variety is adapted. Planted, detasseled, and harvested under rigid careful supervision, our corn is processed by the finest modern methods.

Our policy of endless research, careful selection, sound development, expert detasseling and all of the rigid standards of production are for the sole purpose of providing you, our customer, higher yields and greater profits.
